AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 24th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Diseases*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

WEDNESDAY, FEBRUARY 13, 1867.

THE IMPORTANCE OF AGRICULTURE.

While we have listened with feelings of unmixed regret to remarks which have repeatedly fallen from the senior member for Victoria city, during the present session of the Legislature, upon the subject of the agricultural interests of British Columbia, we have observed with no small degree of pleasure the high and liberal stand taken by the junior member for that city and by the member for Victoria District upon the same subject, and we have marked, with especial satisfaction the improvement perceptible in the political faith of our own Government in respect to the same. The announcement made by the hon. the Chief Commissioner of Lands and Works, on Thursday, to the effect that he believed the true policy was to place the agricultural lands of the Colony as quickly as possible in the hands of those who would make legitimate use of them, free of charge, that these lands ought not to be held by Government as a source of direct revenue from the sale thereof, will be as gratifying to the colonists as it was creditable to the gentleman who gave utterance to the sound and liberal sentiment. We have long raised a warning voice against the fatal error committed by the Government of British Columbia—that of undervaluing and neglecting the agrarian interests of the country, while every energy has been put forth and every dollar of revenue expended in facilitating the development of resources which ought to be utilized as an important means towards an infinitly more important end. The Government has repeatedly been warned in these columns against persisting in this foolish, and most injurious policy. But, we regret to have to say, that until very recently all these warnings have been unavailing, and the drain upon our gold mines has gone on without in any appreciable measure contributing towards the building up of an industrial rural population. Millions of gold have passed out of the country every year for the purchase of supplies which might, and *would*, with proper management, have in great part been raised by our own people. Had proper attention been given from the first to the utilization of our own agricultural lands, had the Government evinced a becoming solicitude to have every article of food raised on our own soil which could be raised, we do not hesitate to say that we would not to-day have to draw the great bulk of the food consumed by the miners from a foreign neighbor. The millions which have gone and are still going to enrich the farmers of Oregon and California would have been employed in reclaiming our own lands, and the rolling prairies and fertile valleys, still undisturbed by the husbandman's ploughshare, would now be sustaining a thrifty and industrious peasantry. Our policy with regard to the possession and occupation of the soil demands instant revision, if we would not see the thews and sinews of the country depart. We don't want in the least to depreciate the importance of other interests, or cant about the superior claims which the agriculturist has upon the attention of the Government. But it is perfectly, undeniably true of this as of most countries that

"A bold peasantry—a country's pride—
When once destroyed can never be supplied."

While mourning over the mistaken policy of the past, we look earnestly and hopefully to the improved tone of the Government and the Legislature upon this important subject, as a sure and certain promise of better things in the future. Although not yet in a position to pass judgment upon the Land Bill about to be introduced, we have reason to believe that it will be of that concise and liberal character demanded by the country; and that if it is not upon its introduction, it will become such in the course of its passage through the House. We also confidently anticipate such alterations in the Customs Tariff as will extend to all articles our own soil and people are capable of producing, a duty sufficiently high to stimulate local industry, and render the pursuit of agriculture as well as other industrial branches, more certain and more remunerative. It rests with the Government and those who have been invited to assist in the legislation of the country at this critical period in its history, to make such changes in the land laws and the Customs Tariff as will give a healthy tone to industrial and agricultural pursuits, induce those now in the Colony to remain, and attract that class of population without which British Columbia can never attain true greatness or solid prosperity.

THE NEWS.

In one of those "lucid intervals" which have of late been, "like angels' visits, few and far between" the telegraph has transmitted a column of news, which, although provokingly meagre when touching upon the most important topics, will be found to possess more than ordinary interest. The laconic announcement that, "The Queen has probably opened Parliament for the last time," assuming that the authority upon which it is made is good, imports that Her Majesty is about to abdicate in favor of her eldest son. Well, if it is the will of God, so let it be. For nearly thirty years "Victoria by the Grace of God" has reigned over this vast and powerful Empire with a grace and benignity unparalelled in the history of our Nation. As a Sovereign she has been mild, dignified, and good. As a woman, wife, mother, she has set an example worthy of imitation by every woman in her vast realm, nay by her sex the world over, an example which has, without doubt, exerted a salutary influence far and near. Somewhat advanced in years, and with a heart still bleeding for the great loss she sustained in the untimely death of *Albert the Good*, the Queen doubtless yearns for that retirement and repose which she cannot well enjoy in her present relations; and although the great and loyal British heart must swell with regretful emotions at the severance of those bonds which have been gaining strength these thirty years, come when it will, yet the good sense of a grateful people will hardly grudge their beloved Sovereign that rest and quiet she so much needs. Will not the loss of the Queen be somewhat tempered by the reflection that the sceptre which she lays down will be taken up by the Prince of Wales? The equally laconic announcement which reaches us from the capital of Canada, to the effect that "Prince Alfred will be the first Governor and Viceroy of Canada under Confederation," points to a prediction made in these columns when the great scheme of a British American Empire was first gaining interest. Perhaps nothing could be more grateful to the British American heart, or tend more to stimulate and strengthen the movement than such an arrangement. With the Prince of Wales upon the throne of Great Britain and Prince Alfred wielding the sceptre of British America, Queen Victoria might well retire into that quiet denied her now, and glide down the declivity of life with a serene mind and a contented if not a happy heart. The Reform furor appears to be gaining strength and volume. Never since the great Reform agitation in 1832 has the delivery of the Royal speech from the Throne been interrupted till now. It must indeed have been under strong sense of grievance, real or imaginary, that Englishmen gave utterance to noisy demonstrations at such a place and upon such an occasion. For more than thirty years the Royal Speech has been listened to with grave and reverential attention. That speech promises a moderate concession; but it remains to be seen whether the Derby Ministry will prove itself sufficient for the trying occasion. It is earnestly hoped that the mode suggested for the settlement of existing differences between the two great powers of the old and the new worlds will be found effective, and that more solid and enduring relations may be established for the future.

AYER'S

CATHARTIC PILLS.

ARE you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering & disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once,

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains*, which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SANATH CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

WEDNESDAY. FEBRUARY 13, 1867.

LEGISLATIVE COUNCIL.

The House met at 3 o'clock on Monday. Present the Honorables the Colonial Secretary, Attorney General, Chief Commissioner, Collector, Solicitor General, Cox, Ball, O'Reilly, Sanders, Southgate, Barnard, and Robson,

The Hon. the Colonial Secretary in the Chair.

Minutes of last meeting read and confirmed.

The Hon, President read a Message from His Excellency the Governor, giving Returns showing the receipts and expenditure of the Assay Office during the past year,—Ordered to be printed for the use of members.

NOTICES OF MOTION.

Hon, Mr Robson gave notice that he will on Thursday next move an address to His Excellency the Governor, recommending certain alterations in the Customs Tariff.

ORDERS OF THE DAY.

Indian Reservations:—Hon. Mr. Robson moved, seconded by hon. Mr. Barnard, "That an Address be presented to His Excellency the Governor, urging the desirability of having the Indian Reserves of the Colony reduced to what is necessary for the actual use of the Natives, and to have such reserves properly defined, the remainder to be thrown open for settlement."

The hon. mover said the District he had the honor to represent was probably more interested in this matter than any other District in the Colony. In the Thompson River Country very large reservations had existed; but he was happy to have an opportunity of complimenting the hon. the President, upon the success which attended his efforts to curtail these reserves, during the past year. There were still, he believed, other reserves in the interior and central parts of the Colony that needed to be reduced. On the Lower Fraser ridiculously large and illdefined reservations still existed, although the matter had been subject of complaint for years. He regretted to have to say that the Government had not given this question the attention to which its importance entitled it. In visiting the various settlements on the Lower Fraser, last fall, he was most agreeably surprised at the extent of improvements made by settlers, and he hoped in a few days to place before the House statistics which he thought would surprise hon. members. But, almost everywhere he was met with this Indian Reserve grievance. Perhaps the strongest case was that at Chilliwack, where an Indian reserve of something like ten thousand acres was locked up in the very heart of an important white settlement, for a tribe of Indians not numbering over 300 souls, men, women and children, and he was informed that less than 50 acres of that large reserve was in actual use! There were several other cases lower down the river, in some of which very great annoyance and injury had been caused to the settlers. These reserves not only locked up large tracts of good land, generally in the most accessible locations, but they made a serious break in the settlements, and tended to bring the two classes into collision. The Indians had small potatoe patches scattered hither and thither, entirly unprotected by fence, and when the white settlers' cattle strayed upon these they were maimed, and in some instances destroyed by the Indians. Thus affrays had arisen which might have resulted fatally. He gave way to no one in a desire to see everything done which would tend to elevate and improve the Indians. He believed the policy advocated in the resolution before the House would benefit the Indians as much as the whites. If each tribe or family had a reasonable plot of ground, properly marked off for them, they would be far more likely to value it as their inheritance, and more disposed to improve it and make things comfortable and home-like. As the matter now stood large undefined tracts of land were supposed to belong to them; but their notions were very loose as to either boundary or value.

The resolution was opposed by the hons. Colonial Secretary, Attorney General, Soliciter General, Chief Commissioner, Ball and Southgate, who said they could not recommend the Government to undertake the immediate reduction of these reserves as a whole, but intimated that if the hon. member would alter the resolution so as to confine its application to his own District they would support it.

Hon. Mr. O'Reilly spoke in favor of the resolution as it stood. He thought the sooner the question was settled the better, as he believed the system of large Indian reserves, as they existed at present, gave rise to a great deal of inconvenience to the settlers.

Hon. Mr. Barnard spoke ably in support of the resolution as it stood. He did not see why it should be restricted to a single district when the evil it proposed to cure was coextensive with the Colony. In many parts of the Colony excessive reserves existed, and were operating injuriously to settlement. He had seen the effect of a reserve extending eight miles along the Bonaparte river. People passing through the country and seeing miles of the best land marked "Indian Reserve" were apt to form very unfavorable opinions. It was to the opinions expressed by those in the Colony, when writing to their friends that we must chiefly look as the means of attracting or repelling population; and he feared the existence of these large reserves operated unfavorably in this respect.

Hons. Ball and Cox explained that the reserve alluded to on the Bonaparte, although long, was merely a narrow belt, and was designed to prevent trespass.

Hon. Mr. Robson reluctantly consented to alter the resolution by substituting the words "Lower Fraser" for the word "Colony," and the resolution was put and carried unanimously.

Oaths and Evidence Ordinance:—This Bill was read a second time, considered in Committee, and the third reading fixed for Wednesday.

Assimilation Ordinance:—The Assimilation Committee reported the following Bills, which were read a first time: Indian Liquor Ordinance; Sheriff's Ordinance; Interest Ordinance; English Law Application Ordinance.

House adjourned till Wednesday at 3 o'clock.

MUNICIPAL COUNCIL.

A communication was read from Mr. J. E. McMillan, tendering his resignation as Councillor for Ward No. 1, The resignation was accepted and filed.

A communication was read from G. Foster Foster, Esq., of Esquimalt, protesting against the rate of assessment upon his property. Placed on file.

The anxiety of the people in view of the preparations for the departure of the French army increases daily.

The last column while returning from Guadalajara repulsed the Liberals.

Work has been commenced on the Imperial railroad.

WASHINGTON, Feb. 7.—A battle was fought at Jalappa in which the French were victorious. Miramon and Reja were marching on San Luis Potosi with seven thousand men. The Emperor had ordered them to attack the Liberals if victorious. It was his intention to order an election and if the people declared for the Emperor to stay, if for Juarez, to leave.

EASTERN STATES.

NEW YORK, Jan. 29.—At the closing of sales of stocks yesterday there was another heavy decline and much excitement. A. J. Meyer who overdrew on the Bank of North America was expelled from the Board of Brokers.

The steamships Baltic and Atlantic will resume trips to Europe under a new steam ship company, between New York and Bremen.

A correspondent of a Boston paper says C. A. Dana will shortly commence the publication of the *New York Daily Republican*, an intensely radical paper favoring the impeachment of the President and the ballot for the negro. George Wilkes will be on the editorial staff.

It appears that the head centre Stephens has not yet sailed for Europe.

The Santiago de Cuba from Nirarragua arrived yesterday, there is no cholera on the Isthmus.

HAVANA, Jan. 26.—The gunboat Nyoniski and the revenue cutter Hugh McCullough are still in the harbor. So far the Frederick Seward mission is a mystery. The report that the Bay of Samama has been bargained for is received with incredulity.

Don Luis de Arrago, Mexican Minister, has arrived *en route* for the United States on an Imperial mission.

WASHINGTON, Feb. 5.—Quite a sensation was created in the House yesterday by the appearance of Generals Grant and Sheridan, in whose honor the House suspended business. The Speaker welcomed Sheridan introducing each member personally.

NEW YORK, Feb. 6.—The President has stated that he would veto the tariff bill.

CHICAGO, Feb. 6.—The President gave the fifth state dinner last evening, it was intended to bring together the leading radicals of Congress and Southerners, oalf of the Radicals invited refused to attend.

JUNCTION CITY, Feb. 2.—A man came in to Salinas, fifty miles from here, yesterday, and reported a frightful massacre of white men by Cheyenne Indians near the head of Smoky Hill River, a few days since under the following circumstances: A train with 63 men was in camp, a party of 14 Indians came begging, the teamsters refused to give them anything, whereupon the Indians fired upon them without effect, the teamsters returned the fire and killed 8 Indians. About 8 o'clock that night the camp was surrounded by 200 Indians who massacred 59 out of 63 men. The man that brought the news had an arrow hole through his shoulder and another wound in his hip. He claims to be one of the four men who escaped.

SAN FRANCISCO, Feb. 3.—The Panama *Chronicle* of Jan. 11th states that the Yellow Fever had reached that place from Aspinwall, where it was raging as an epidemic, but the same journal of 16th congratulates the public that the fever is not epidemic in Panama and that the city is in its usual health. On the 11th the small pox was at Aspinwall, and on the 10th there were three deaths at Panama from Yellow fever. The *Herald* refers to the existence of cholera at Nicaragua, but not in exaggerated terms as we were led to expect from the accounts previously published.

The *Herald's* Ottawa special says Prince Alfred will be the first Governor and Viceroy of Canada under Confederation.

HOLLOWAY'S OINTMENT AND PILLS.—Additional testimony.—For the cure of coughs, colds, sweats, and incipient consumption, this excellent Ointment, rubbed upon the back and chest, aided by the internal use of Holloway's purifying Pills, stands unrivalled. Mr. J. Leonard, of Benbulben Grange, Sligo, writes: Sorry, sorry I am I did not use your Ointment and Pills in January last. The wondrous change they effected on me after one week's trial astonishes everyone, and encourages me to proceed till they have entirely cured my disease." This plainly expresses the power possessed by Holloway's remedies in checking the course of those chest disorders which, when slighted or improperly treated, entail much suffering and end unfavorably.

Clarkson & Co. having made large additions of the above Goods to their stock, any one wishing to make a present would do well to give them a call, as they have a great variety of nice, neat and natty articles of vertu which are useful, and at the same time will please the eye and adorn a table or mantel-shelf. *

CURE IS AT HAND!

HOLLOWAY'S OINTMENT

Scorbutic Eruptions, as Sore Heads and Scrofulous Swellings.

If this powerful Ointment be well rubbed into the parts affected, all skin disease will be speedily overcome. It acts not by repression, but repulsion. It enters the system as salt enters meat, and operates not locally only, but constitutionally purifying the whole system, neutralizing all depraved humours, and affecting a radical and complete cure. The Pills should be taken as an auxiliary to the Ointment, as they are so prepared as to act in unison with it, facilitating and confirming the conquest of the disease.

Diptheria, Ulcerated Sore Throat and Quinsey.

The above complaints have for twenty years been treated with Holloway's Ointment and Pills with complete success. The cures have been so remarkable, speedy and numerous, that these often fatal diseases are more easily cured by these medicines, than even the common sore throat, if taken in time.

The Kidneys, Stone and Gravel.

In these complaints, the Ointment almost acts like a charm, providing it is very effectually rubbed over the regions of the kidneys, which it will penetrate and give almost immediate relief, while the Pills should be taken according to the printed directions, when the most extraordinary cures may be effected by this means.

Bad Legs, Bad Breasts, Scrofulous Sores, and Glandular Swellings.

In such cases the Ointment operates surely and with a rapidity that resembles magic. It should be rubbed into the parts affected, after they have been fomented with lukewarm water. The purifying and curative powers of this marvellous unguent have never failed. Any old sore, wound or ulcer always yields to its influence, and in cases of bad breasts, or milk fevers, its action is wonderful. Glandular swellings may soon be reduced by following the printed directions.

The Action of the Heart. Dropsy.

The last named disease is commonly preceded by irregular action of the heart, and difficult respiration; which symptoms are always severe, and ever go from bad to worse, unless proper means of cure are resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the application of this famous Ointment, invariably results in secure. They act with such energy on the circulation and absorbent system, that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

Gout and Rheumatism.

May be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts, and this perseveringly done for some time. It is no use to smear it on the skin only, it must be got into the system. Take as many Pills nightly as will act two or three times during the 24 hours; eschew the use of coffee, and all stimulants. When these complaints are leaving the system, the virulence of the complaint frequently seems to increase.

Indiscretion of Youth.

Sores, ulcers and swellings can with certainty be cured if this Ointment be thoroughly rubbed all round the complaining parts twice or thrice a day, keeping them covered with linen rag spread with the same.

The Pills must be taken according to the printed directions. The blood being in an impure state, perseverance is necessary. From humane motives letters of advice will be answered gratuitously. To save carriage the Pills should be obtained in the neighborhood of the sufferer, and not from Holloway's Establishment.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore-throats,
Bunions,	Elephantiasis,	Skin-diseases,
Bite of Mosquitoes and Sand-flies,	Fistulas,	Scurvy,
	Gout,	Sore-heads,
Coco-bay,	Glandular Swellings,	Tumors,
Chiego-foot,		Ulcers,
Corns (soft),	Lumbago,	Wounds,
Cancers,	Piles,	Yaws.
Chilblains,	Rheumatism,

ADVICE GRATIS

HOLLOWAY'S PILLS

To Purify the Blood.

These Pills have been placed by the common consent of mankind at the head of all remedies for removing those various poisons from the blood, and cleansing all the organs of the body. They have saved thousands years after years from falling a sacrifice to the effects of dysentery, diarrhœa, bilious attacked by myriads of witnesses. Excessive weakness, debility, the warnings of decreasing organic energy, or vital decay, are restored and reanimated with vigor to healthful action in every organ throughout the system by the restorative and exhilirating influence of these

Female Complaints.

All disorders of the sex, and diseases in early life perilous to the life and health of woman, young or old, married or single, may be radically and quickly cured without risk or trouble, by a few doses of these Pills according to the printed directions.

Indigestion with languor and want of energy.

When taking these Pills, rub Holloway's Ointment over the pit of the stomach, and over the region of the liver, on the right side under the ribs, and you will at once experience a change for the better. The appetite, digestion, spirits, appetite, strength, and energy will improvement, though it may be gradual, will be sure and lasting.

DROPSY.

The efficacy of Holloway's Pills in dropsy is extraordinary. They act with such peculiar effect upon the system that the fluids arising from this direful disease are speedily carried off and prevented from accumulation. The sufferer regains a healthy state, and rejoices in a completely renovated constitution. It is indispensably necessary that the Ointment should be well effectually rubbed into the complaining parts.

Stomach, Liver, Kidneys and Bowels.

Those who suffer from bile and liver complaints should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, from all impurities, giving a healthy action to the liver. If these attacks be allowed to continue, serious complaints often arise, and the sufferer be consigned to a bed of sickness. In all disorders of the kidneys, the Ointment should be well rubbed into the small of the back, once or twice a day; and the Pills taken in unison, will correct any complaint arising from these organs.

Puffy,—Shortness of Breath with Faintness.

Very bad symptoms, which if not corrected, often lead to some serious disorders of the heart, or other vital organs. Eat moderately of solids, take six Pills night for some little time; take plenty of fresh air and regular exercise, and the human machinery will be quickly restored to health and vigor. Try this but for three days only, and the result will be marvellous.

Complaints incident to Children.

All complaints of children may soon be cured if opportunely taken to purify their blood, correct the secretions of the liver, and cleanse the stomach and bowels from a dose of these famous Pills will immediately have the desired effect, particularly if parents be careful to not allow them to eat of things which they know would be injurious to themselves.

Holloway's Pills are the best remedy known in the world for the following diseases:—
